

KOHLSAAT TRAPPED BY GAS TRUST SCANLAN

Circuit Judge Says Federal Judge Grossly Deceived By Gas Trust Attorneys.

"Judge Kohlsaas has been grossly deceived as to the purport and language of my opinion in the case of the city of Chicago against the Gas company.

"I believe it was because of this deception that Judge Kohlsaas entered a temporary order restraining the city from enforcing the provisions of the gas ordinance.

"The attorneys for the city should go before Judge Kohlsaas and inform him how he has been imposed upon and ask for the dissolution of the restraining order.

"I believe it is the duty of the attorneys for the city to do this, and I shall defer further action until they have done so.

"There is nothing that does so much to cause the people to lose respect for the judiciary as clashes between different courts.

"This court desires no clash with any other court, and is convinced that there will be none when the true facts are made known."

—Kickham Scanlan, Judge of the Circuit Court.
